Forecast for Friday 09 Oct 2020

Weather: A band of rain, with some sleet on hill tops, and associated low cloud will clear eastwards through the early hours. Following this there will be a good deal of dry weather through the morning but turning increasingly showery during the afternoon. Chance of some sleet in showers above 900m. Turning drier again into the evening.

Chance of cloud free mountain/hill tops above 800m: Generally high through the morning but some patchy low cloud around, decreasing during the afternoon with frequent showers. High through the evening.

Visibility: Moderate in showers, otherwise good at lower levels. Poor near highest summits in lingering low cloud.
